# Tushar Sharma

Saharanpur, Uttar Pradesh
tushar.6036@gmail.com — +91-9917444429 — LeetCode

## Profile

Computer Science student skilled in React, Python, C#, and .NET technologies. Currently undergoing Capgemini industry training in ASP.NET Core and Microsoft Azure. Strong problem-solving skills with 200+ DSA problems solved.

## Training

**Capgemini Industry Training Program**
Jan 2026 – Present

- Learning C#, ASP.NET Core, MVC Architecture and Web API development.
- Hands-on practice with Microsoft Azure services and cloud deployment.
- Working on enterprise-level project simulations.

## Education

**B.E. Computer Science, Chandigarh University**
2022 – 2026 CGPA: 7.59
**S.R. D.A.V Public School, Saharanpur**
2021 – 2022 Class XII – 91.6%
**S.R. D.A.V Public School, Saharanpur**
2019 – 2020 Class X – 89.2%

## Technical Skills

- Languages: Java, C, C++, Python, C#
- Frontend: HTML, CSS, JavaScript, React
- Backend: .NET, ASP.NET Core
- Database: SQL
- Cloud: Microsoft Azure
- Tools: Git, GitHub, VS Code, Visual Studio, Google Colab

## Projects

**Biometric Robotic Arm**
Oct 2024

- Designed and programmed a robotic arm controlled through fingerprint authentication.
- Implemented secure user verification system for authorized access.
- Integrated servo motors with Arduino for precise movement control.
- **Tech Used:** Arduino, Servo Motors, IoT Sensors

**Expense Tracker Website**
May 2024

- Developed a responsive web application to manage daily expenses.
- Created structured input forms and dynamic expense display system.
- **Tech Used:** HTML, CSS, JavaScript

**Self Irrigation System**
Nov 2023

- Built an automated irrigation system using soil moisture detection.
- Programmed microcontroller to control water pump automatically.
- **Tech Used:** Arduino, Soil Moisture Sensors, IoT Monitoring

## Achievements

- Solved 200+ Data Structures and Algorithms problems on LeetCode.
